Every grid hides a secret

A word search with a mystery inside. In each of 60 cases, find the suspects, places, weapons and clues hidden in the grid. Then read the leftover letters: they spell a secret clue that reveals where the culprit was hiding.

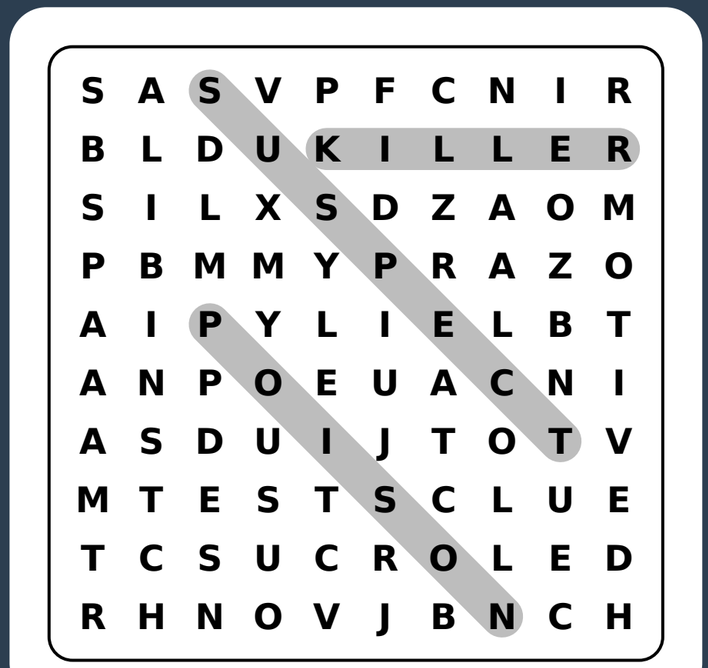

Match the clue to the witness statements and name the culprit. All solutions are in the back.

- ✓ 60 crime cases
- ✓ Hidden-message twist on every puzzle
- ✓ Witness statements to solve each case
- ✓ Full grid solutions and answers
- ✓ A clever gift for mystery lovers
