How to Play

Find each word from the list hidden in the grid of letters.

Words can run across, down, diagonally, and even backwards.

Circle or highlight each word as you find it, then tick its box in the list.

Words with two parts, like ICE CREAM, appear in the grid without the space.

Tip: look for unusual letters such as Q, Z, X or J, or for double letters, to spot words quickly.

All solutions are in the back of the book.
