# How to Play

Word Search: find every word from the list in the grid of letters. Words can run across, down, diagonally and backwards. Two-word entries appear without the space.

Sudoku: fill every empty square with a number from 1 to 9 so that each row, each column and each bold 3 x 3 box has every number exactly once.

Word Scramble: rearrange the letters to spell a word that fits the page's theme. Some answers are two words.

Mazes: start at the arrow at the top left and find the one path that leads to the exit at the bottom right.

All the answers are at the back of the book.
