Puzzles may be photocopied for the purchaser's personal use.

How to Play

Word Search: find every word from the list in the grid of letters. Words can run across, down, diagonally and backwards. Two-word entries appear without the space.

Cryptograms: each quote is written in a secret code where every letter stands for a different letter. The code changes with every puzzle. Start with the hint letters, then look for short words such as THE, AND and OF.

All the answers are at the back of the book.
