Can you name the killer?

60 murder mysteries to crack with nothing but a pencil and your wits. Each case gives you the suspects, the weapons, the places and a handful of clues. Fill in the logic grid to work out who did it, with what, and where.

Cases start with three suspects and build to five. Every case has exactly one solution, checked by computer. Full answers are in the back.

- ✓ 60 original murder mystery cases
- ✓ Logic grid on every page
- ✓ Easy, medium and hard cases
- ✓ One unique solution per case
- ✓ Great for fans of detective stories
